High Security

- **Live face detection ,image or video will be denied**
- **Enhanced security by Android 8.1 Lollipop**

Self-illumination Recognition

- **Equipped with brightness-adjustable lights to ensure ideal lighting condition for facial recognition**

Friendly Installation

- **With different bracket fits all kind of different environment no matter wall or half-high barrier**

Technical specification

IP Protection

- IP53
- IP65(with cover)

Housing

- Material: PC+aluminium
- Colour: RAL 9005 Black
RAL 9016 White

Dimensions

- 240.3mmL x 130.8mmW x20mmH

Optional Option

- RFID Reader Only(Legic&Mifare)
- RFID Reader with QR Code (Legic&Mifare)
- QR Code Only
- Infrared Imaging Temperature Measurement Set

Power Supply

- 12VDC,3A

Ambient Conditions

- Operating temperature: -20 °C - +60 °C
- Relative humidity: 10%-90% (non-condensing)

Interface:

- Network*1
- USB*1
- Tamper*1
- Wiegand*1
- Relay output*1

Detective Distance

- 0.5~3m

Accessories (Optional)

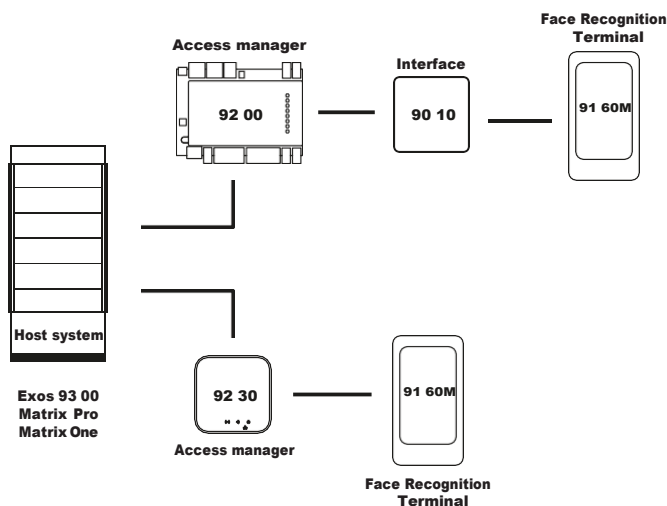

Bracket for turnstile

Bracket for outdoor environment

Device Connect Structure

Compatibility

The dormakaba 91 60M Face Recognition can be operated with different Access Managers :

- dormakaba access manager 92 30
- dormakaba interface 90 10
- Third party access manager support Wiegand Protocol
